PURPOSE: The purpose of this Reference Guide is to inform school administrators and clerical staff who support special education and Section 504 tasks of the updated training in MyPLN titled, “Clerical Support for Special Education and Section 504” (Keyword: Clerical Support) along with the due date and procedures for school administrators to identify specific clerical staff assigned to support special education and Section 504 tasks as clarified below. The identification of this clerical staff does not release
certificated staff from their responsibilities related to all aspects of special education and Section 504 compliance in their roles as administrators and teachers.

**MAJOR CHANGES:**

This Reference Guide replaces REF-5640.8 dated August 16, 2021, of the same title, issued by the Division of Special Education. Website addresses have been updated. It also includes information regarding the MyPLN training availability.

**BACKGROUND:**

Clerical support to meet special education and Section 504 compliance and operational needs must be assigned at schools. The District is committed to ensuring special education and Section 504 procedures and legal timelines are followed. As such, all schools are required to designate a clerical staff member to conduct special education and Section 504 clerical duties as outlined in Attachment A, Clerical Support for Special Education and Section 504 Responsibilities.

**INSTRUCTIONS:**

It is the responsibility of the school administrator to ensure the requirements of special education and Section 504 compliance activities are met within the clerical staffing allocations provided to each school.

School staff designated to provide clerical support for Special Education and Section 504 who do not currently have an active Welligent account should follow the directions below before attempting to access the Welligent Management System. Requests for access is dependent on the type of employee requesting:

- District employees are provided with Welligent access through [one Access](#).
- Before requesting access, designated staff must have an active LAUSD Single Sign On (SSO) account.

More information is available on the [Welligent Support](#) website. Special education monitoring and support resources are available for school site administrators, Local District supervising administrators, and all staff supporting students with disabilities in the Supports for Substantial Compliance section of the District’s Special Education Electronic Policies and Procedures Manual (e-PPM). Please refer to the Employees section of the Division of Special Education website to access the ePPM at [https://achieve.lausd.net/spedEmployees](https://achieve.lausd.net/spedEmployees).

**TRAINING:**

Designated clerical support staff are encouraged to complete the asynchronous “Clerical Support for Special Education and Section 504” training on MyPLN, Keyword: Clerical Support.
