Subject: OLSAT-8 Practice Test

Dear Parent,

Your school district has provided your student with a copy of the OLSAT-8 Practice Test. Taking a practice test is a useful experience to allow students to become more familiar with what is expected on the "real" test. It also allows you, as a parent, to understand the test so you can learn what your child will be expected to do during the test. This practice test is an official Pearson product, so you can have confidence that it provides a testing experience comparable to that of the real OLSAT-8.

However, please note that the OLSAT-8 Practice Test is a copyrighted, commercial product, and its contents are protected by law. This means that, without express authorization from Pearson, the OLSAT-8 Practice Test that your student brought home may not be copied, distributed, digitally scanned, posted online, or displayed to any third party.

Thank you very much for your understanding and compliance in this matter.

Regards,

Clay Richey
